

Playground

Turf Type Fescue Blend

Playground Turf Type Fescue Blend is an excellent turf grass when selecting your lawn seed needs. This is the best choice if you have children or pets running on your lawn! The roots penetrate deep into the soil which helps prevent against drought. Playground is a heat and drought tolerant blend with superior resistance to Brown Patch, which is a common disease problem associated with Tall Fescue cultivars. This dark green turf grass will look great in your lawn!

PLAYGROUND QUALITIES

- Dark green color
- Fine leaf blade
- Excellent drought stress
- Survives in full sun, partial shade & high humidity
- Outstanding performance in the Midwest/Transition Zone
- Low maintenance
- Aggressive tillering enhances recovery from damage & increases turf grass stand
- Exceptional disease resistance against Brown Patch

Kind	Blend %	Drought Tol.	Brown Patch	Quality Rating
AST9001	33.00%	5.5	6.8	7.1
AST5112	33.00%	5.6	7.0	7.3
AST9002	33.00%	5.7	7.5	7.3

Scale: 1=WORST 9=BEST

New Lawn Sowing Rate: 6.0-8.0 LBS/1000 SQ FT

Overseeding Rate: 3.0-4.0 LBS/1000 SQ FT
